EXPERIENCE

Aerial Camera Systems, Redhill - *Junior Camera Technician*

SEP 2023 - PRESENT

- Worked with a range of technical equipment, confident and competent in performing electrical repairs.
- Careful and detailed preparation of equipment before sending it to an event.
- Working on a range of events including premier league football and the BBC Proms

Newcastle Student Television, Newcastle Upon Tyne - *Range of roles*

SEP 2022 - AUG 2023

- Over three years I was involved in a range of productions from student meetings to live sporting events and taking many roles, from a runner to director.
- Gained a strong understanding of the chain of production and distribution for broadcast Television
- I also worked in post production for the on-demand service, editing and adding visual effects to recordings.
- As NaSTA Northern regional officer I built a strong network of individual in industry and was able to bring them together.

EDUCATION

Newcastle University, Newcastle Upon Tyne - *Physics BSc*

SEP 2019 - SEP 2023

Studied a range of subjects including mechanics, programming in python and MatLab, a range of mathematical principles and laboratory skills
