Work Experience

Aerial Camera Systems, Redhill - *Junior Camera Technician*

SEP 2023 - PRESENT

- Performing electrical repairs with confidence and competence under tight deadlines
- Management of both tool and equipment storage
- Ordering and purchasing of new parts and equipment
- Careful and detailed preparation of equipment for use at a range of events including Premier League football, the BBC Proms and at Westminster Abbey Services
- Leading a team of technicians on site for the production of a major sporting events e.g. the FA cup.
- Managing and organizing the warehouse during high demand periods, with multiple jobs ongoing, e.g. the Summer Olympics and Wimbledon

Newcastle Student Television, Newcastle Upon Tyne - *Head of Tech for Student Radio, Head of Sound for Student TV*

SEP 2019 - AUG 2022

- Experience training fellow students in a range of procedures from the mixing desk of the radio studio to rigging and operating a camera
- Involvement with a range of productions from student meetings to live sporting events and experience with many roles, from runner to director
- I also worked in post production for the on-demand service, editing and adding visual effects to recordings
- Gained a strong understanding of the chain of production and distribution for broadcast Television
- As NaSTA Northern regional officer I built a strong network of individuals in industry and was able to bring them together

Volunteer Experiences

1st Eye Scout Group, Eye - *Assistant Group Leader*

SEP 2022 - SEP 2023

- Responsible for training high school aged children on a range of practical subjects
- Supporting a safe and engaging learning environment
- Contributing effectively as part of a team, putting together Health and Safety forums, Risk assessments and other key paper work
- Maintaining relevant first aid qualification

Online Presence

- In my spare time, I have worked on a range of projects, starting intaily as long forum youtube videos, but also moving into short forum, tiktok style content, live streams and written articles on a wide range of subjects including explainer videos and vlogs
- Thought this I have explored a range of editing and storytelling techniques and seen major improvements in both areas.
- I have also honed the majority of my writing, performing, and editing skills, while also mastering the use of a wide range of tools, such as DaVinci Resolve and Adobe After Effects.
- This included still photography where i have been focusing on my lens on everything from street photography to major events. Here I have learnt many methods to make more interesting photos as well as learnt to use Adobe Lightroom and Photoshop

Education

Physics BSc - *Newcastle University, Newcastle Upon Tyne*

SEP 2019 - SEP 2022

Studied a range of subjects including mechanics, electrical engineering, programing in python and MatLab, a range of mathematical principles and laboratory skills
